Apple Card Monthly Installments (ACMI) is a 0% APR payment option available only in the U.S. to select at checkout for certain Apple products purchased at Apple Store locations, apple.com, the Apple Store app, or by calling 1-800-MY-APPLE and is subject to credit approval and credit limit. See support.apple.com/kb/HT211204 for more information about eligible products. Variable APRs for Apple Card other than ACMI range from 12.49% to 23.49% based on creditworthiness. Rates as of July 1, 2022.
If you choose the pay-in-full or one-time-payment option for an ACMI-eligible purchase instead of choosing ACMI as the payment option at checkout, that purchase will be subject to the variable APR assigned to your Apple Card. Taxes and shipping are not included in ACMI and are subject to your card’s variable APR. See the <a href="https://www.goldmansachs.com/terms-and-

conditions/Apple-Card-Customer-Agreement.pdf" rel="nofollow">Apple Card Customer Agreement for more information. ACMI is not available for purchases made online at the following special stores: Apple Employee Purchase Plan; participating corporate Employee Purchase Programs; Apple at Work for small businesses; Government, and Veterans and Military Purchase Programs, or on refurbished devices. iPhone activation required on iPhone purchases made at an Apple Store with one of these national carriers: AT&T, Sprint, Verizon, or T-Mobile.

Trade-in values will vary based on the condition, year, and configuration of your eligible trade-in device. Not all devices are eligible for credit. You must be at least 18 years old to be eligible to trade in for credit or for an Apple Gift Card. Trade-in value may be applied toward qualifying new device purchase, or added to an Apple Gift Card. Actual value awarded is based on receipt of a qualifying device matching the description provided when estimate was made. Sales tax may be assessed on full value of a new device purchase. In-store trade-in requires presentation of a valid photo ID (local law may require saving this information). Offer may not be available in all stores, and may vary between in-store and online trade-in. Some stores may have additional requirements. Apple or its trade-in partners reserve the right to refuse or limit quantity of any trade-in transaction for any reason. More details are available from Apple’s trade-in partner for trade-in and recycling of eligible devices. Restrictions and limitations may apply.

```

Family Setup lets you pair watches for your children and older family members to your iPhone. Everyone gets their own phone number, and you can manage each watch using the Apple Watch app on your iPhone.

<h2 class="family-setup-modal-section-headline typography-eyebrow-super">A great call <br class="large medium">for kids.</h2>
With Family Setup, kids get to experience many of the capabilities of Apple Watch. They can stay in touch with the people you approve, by calling and texting. And have fun streaming music, downloading apps, and paying for stuff with Apple Cash Family. You can also schedule Schooltime to limit Apple Watch features when they need to focus. Even the Activity rings have been rethought to better reflect how they exercise — tracking Move minutes instead of active calories. And with location sharing, you’ll get alerts when kids get home or aren’t where they’re expected to be.

<h2 class="family-setup-modal-section-headline typography-eyebrow-super">A smart call for
older adults.</h2>

Apple Watch can open up a whole new world for older family members. They get the same connectivity benefits of Apple Watch, like calling, texting, and location sharing to stay close to the family. And if they need it, they can make the text larger or bolded.

<h3 class="family-setup-modal-copy-block-headline typography-body-tight">Safety features.</h3>
Apple Watch comes with important safety features like fall detection which can detect if your loved ones have taken a hard fall. If it senses they're immobile, Emergency SOS will connect them with emergency services — even if they haven't signed up for a cellular plan. They can also get help in an emergency — all over the world by simply pressing and holding the side button.

Apple Card Monthly Installments (ACMI) is a 0% APR payment option available only in the U.S. to select at checkout for certain Apple products purchased at Apple Store locations, apple.com, the Apple Store app, or by calling 1-800-MY-APPLE and is subject to credit approval and credit limit. See support.apple.com/kb/HT211204 for more information about eligible products. Variable APRs for Apple Card other than ACMI range from 12.49% to 23.49% based on creditworthiness. Rates as of July 1, 2022.

If you choose the pay-in-full or one-time-payment option for an ACMI-eligible purchase instead of choosing ACMI as the payment option at checkout, that purchase will be subject to the variable APR assigned to your Apple Card. Taxes and shipping are not included in ACMI and are subject to your card’s variable APR. See the Apple Card Customer Agreement for more information. ACMI is not available for purchases made online at the following special stores: Apple Employee Purchase Plan; participating corporate Employee Purchase Programs; Apple at Work for small businesses; Government, and Veterans and Military Purchase Programs, or on refurbished devices. iPhone activation required on iPhone purchases made at an Apple Store with one of these national carriers: AT&T, Sprint, Verizon, or T-Mobile.
